Installation

---

1. Download the appropriate MIDI preset file for your device

2. Drag and drop the MIDI preset file into your _Serato_ folder using your file manager to the following location:

Mac: Users --> Music --> _Serato_ --> MIDI

Windows: MyDocuments --> MyMusic --> _Serato_ --> MIDI

3. Open Scratch Live, enter the Setup screen and go to the MIDI tab.

4. Make sure the Enable MIDI Device and Enable MIDI Output lighting options are checked then select the MIDI preset from the available list. Click Load to load the mapping.
